MICROTECH

DIRAC

The Dirac is our first dual action knife with a cover firing slider. We designed an updated ergonomic chassis with curved lines similar to the HALO for a slightly different feel compared to other handles. We researched this particular OTF design and applied our signature ultra-high tolerance Microtech features such as proprietary hardware, innovative internal mechanism, and glass breaker. With an overall length of 7.25 inches, the Dirac is just right for an everyday knife.

- Overall Length: 7.25"
- Blade Length: 2.875"
